POWER

& ELECTRICITY

WORLD PHILIPPINES 2015

17 – 18 June 2015 | SMX Convention Center, Manila, Philippines

Philippines' definitive power,
energy & utility congress

Co-located with

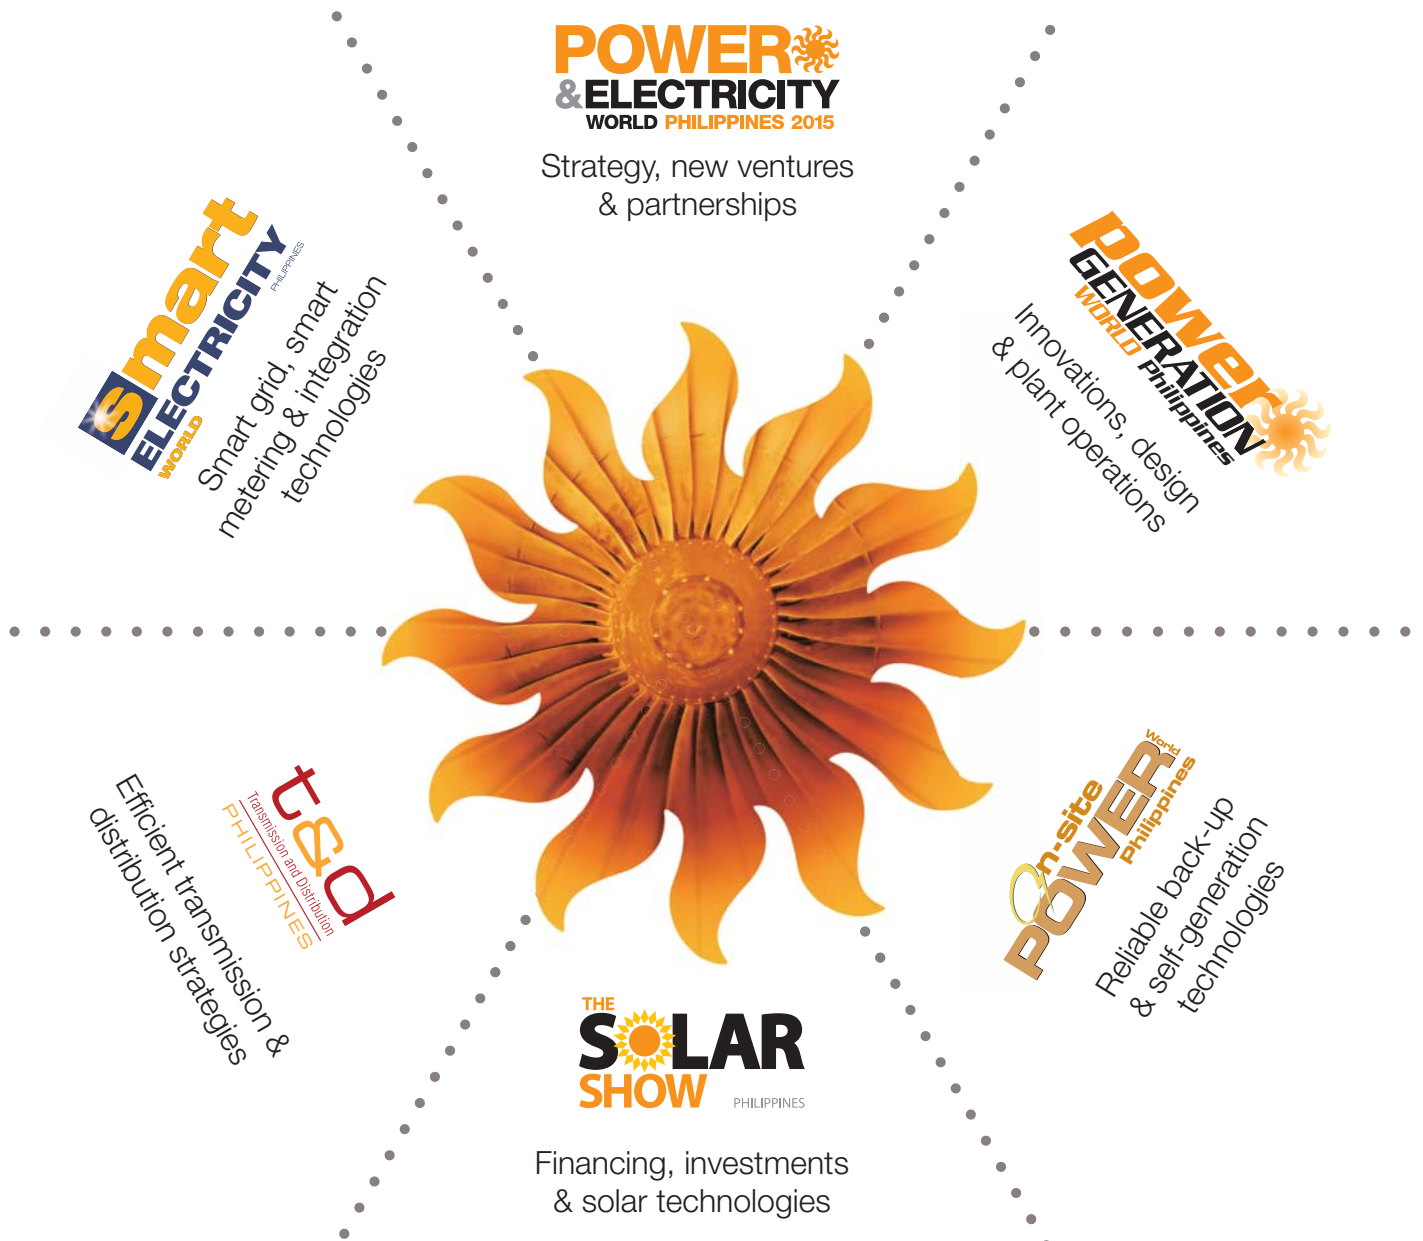

Created by

Philippines' definitive power, energy & utility gathering

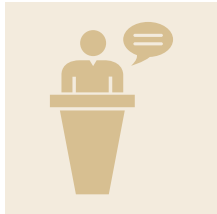

One of the most rapidly advancing power markets in Asia, the Philippines is currently experiencing a mini revolution as new infrastructural foundations are laid down and investment pours in to modernise generation and distribution facilities. Yet there remains huge opportunities for investors and solution providers in this market. **Power and Electricity World Philippines** provides detailed insight on key industry developments, growth opportunities and regulatory and compliance issues. There is no better place to connect with the industry.

We have long standing relationships that have been built over the past 17 years that we can leverage to ensure meaningful participation across the entire energy value chain. If you want to establish meaningful partnerships, showcase your products and solutions, generate leads and secure new customers, this is a unique opportunity to reach out to over 1,500 targeted industry professionals.

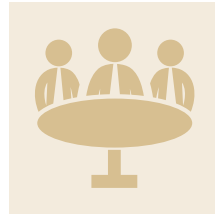

Bigger than ever!

With over 60% of attendees representing utilities, government experts or industry bodies, we provide an excellent forum in which to share best practice on a range of strategic and technical topics. We bring together regional and global the expertise offer authoritative views on the future development of Philippines' power market.

Opening & closing plenary & keynotes

Hear from keynote speakers including leading innovators, market disruptors, government representatives, C-level executives of leading power and utility companies in the Philippines, and global investors.

Roundtable discussions

Engage in roundtable discussions with like-minded industry stakeholders on the industry's latest challenges and developments. Debate and learn from your peers in an interactive environment.

Clinics

Short 1-hour clinic sessions will look into strategic and technical issues faced by industry stakeholders. This is a unique opportunity for you to consult the experts and hone your skill and strategic outlook.

Networking & social opportunities

Networking is a key element of Terrapinn's events. From speed networking to networking cocktail, to our networking app, you will definitely be able to meet and engage with your desired audience.

Standard Conference

Over 40 free-to-attend technical sessions showcasing best in class technical case studies selected from around the world

The exhibition

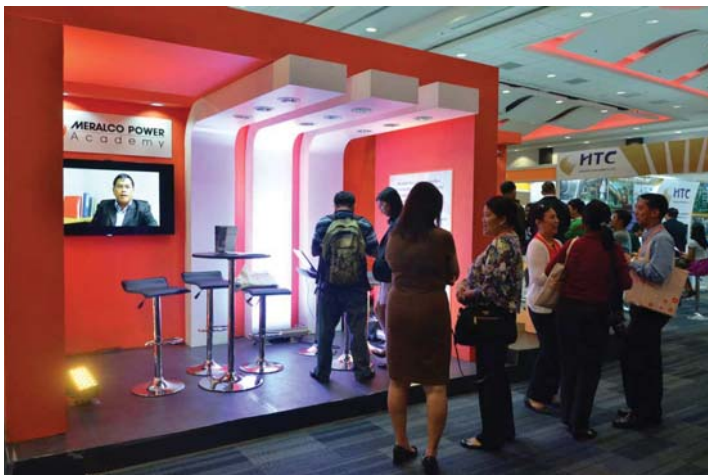

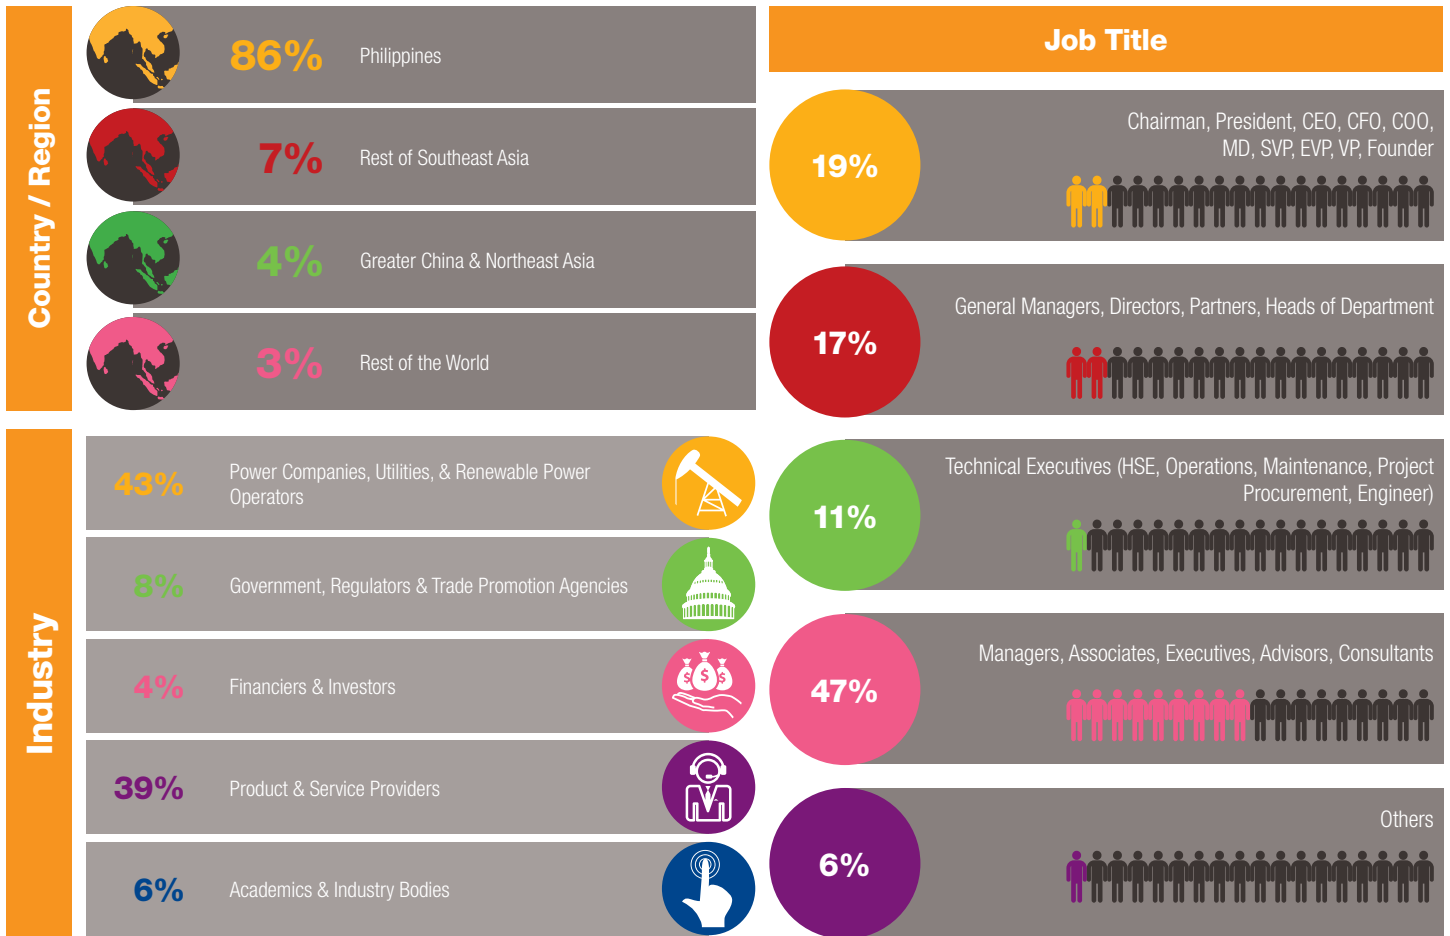

Take a walk around the exhibition hall and shop for the latest technologies and solutions on offer.

“ Power & Electricity World Philippines is a great place for potential investors. I have seen many foreign delegates, and the market for Philippines is open for new investors to come in. ”

Jaime T. Azunrin, Executive Vice President for Business Development & Commercial Operations, Chief Finance Officer, **Global Business Power Corporation**, Philippines

Who you can expect to meet

“ This is the first time we have this type of conference in the Philippines. We look forward to having this platform every year! Having been in the government and energy sector for quite a while, I haven't seen so many attendees gathering under one roof for a couple of days.”

Carlos Jose P. Gatmaitan, President & Chief Executive Officer, **PNOC Renewable Corporation**, Philippines

“ I would recommend Power & Electricity World Philippines to people because this event really highlights the opportunities in the power sector here in the Philippines. If a foreign company or a world class company wants to look into investing in the power industry in the Philippines, this is a good way for them to better understand the market, players, and issues that are driving this market.”

Karim G. Garcia, Vice-president, Strategic Planning, **Trans-Asia Oil and Energy Development Corporation (PHINMA)**, Philippines
